The Principal reserves the right to engage (at its own cost) an independent financial assessor as a nominated agent to conduct financial assessments under conditions of strict confidentiality. For this assessment to be completed, a representative from the nominated agent may contact you concerning the financial information that you are required to provide.

The financial assessment is specifically for use by the Principal for the purpose of assessing Tenderers and will be treated as strictly confidential.

## 1.17 Evaluation Process

This is a Request for Tender. Your Tender will be evaluated using information provided in your Tender.

The following evaluation methodology will be used in respect of this Request:

- a) Tenders are checked for completeness and compliance. Tenders that do not contain all information requested (eg completed Offer form and Attachments) may be excluded from evaluation.
- b) Tenders are assessed against the Selection Criteria. Contract costs are evaluated (eg tendered prices) and other relevant whole of life costs are considered.
- c) The most suitable Tenderers may be short listed and may also be required to clarify their Tender, make a presentation, demonstrate the product/solution offered and/or open premises for inspection. Referees may also be contacted prior to the selection of the successful Tenderer.

A Contract may then be awarded to the Tenderer whose Tender is considered the most advantageous Tender to the Principal.

## 1.18 Selection Criteria

The Contract may be awarded to a sole Tenderer who best demonstrates the ability to provide quality products and/or services at a competitive price. The tendered prices will be assessed together with qualitative and compliance criteria to determine the most advantageous outcome to the Principal.

The Principal has adopted a best value for money approach to this Request. This means that, although price is considered, the Tender containing the lowest price will not necessarily be accepted, nor will the Tender ranked the highest on the qualitative criteria.

A scoring system will be used as part of the assessment of the qualitative criteria. Unless otherwise stated, a Tender that provides all the information requested will be assessed as satisfactory. The extent to which a Tender demonstrates greater satisfaction of each of these criteria will result in a greater score. The aggregate score of each Tender will be used as one of the factors in the final assessment of the qualitative criteria and in the overall assessment of value for money.

### 1.19 Compliance Criteria

These criteria are detailed within Part 5 of this document and will not be point scored. Each Tender will be assessed on a Yes/No basis as to whether the criterion is satisfactorily met. An assessment of “No” against any criterion may eliminate the Tender from consideration.

### 1.20 Qualitative Criteria

In determining the most advantageous Tender, the Evaluation Panel will score each Tenderer against the qualitative criteria as detailed within Part 5 of this document. Each criterion will be weighted to indicate the relative degree of importance that the Principal places on the technical aspects of the works.

It is essential that Tenderers address each qualitative criterion. Information that you provide addressing each qualitative criterion will be point scored by the Evaluation Panel. Failure to provide the specified information may result in elimination from the tender evaluation process or a low score.

### 1.21 Value Considerations

The Weighted Cost Criteria method is used where price is considered to be crucial to the outcome of this tender process. The Tendered price is given the following weighting and will be assessed in conjunction with the Compliance Criteria, Qualitative Criteria detailed in Part 5. – Tenderer’s Offer of this Request for Tender.

Criteria	Weighting
Tendered price	40%

### 1.22 Regional Price Preference

Tenderers for the contract may be afforded a preference in accordance with Regulation 24(A-G) of the Local Government (Functions and General) Regulations. Businesses who claim the regional price preference should indicate on their tender submission that they wish to claim the regional price preference. Suitable proof of eligibility should be provided.

### 1.23 Price Considerations

The submitted price will be considered along with related factors affecting the total cost to the Principal. The Principal reserves the right to further negotiate a submitted price should it be deemed necessary. The price of the works offered under this Request shall be fixed for the term of the Contract.

Unless otherwise indicated all submitted prices shall include all costs associated with the manufacture, provision of works to meet all the requirements stated in this document and submitted submission documents, and all applicable administration. Submitted prices must include and exclude Goods and Services Tax (GST).

Any charge not stated in the submission, as being additional will not be allowed as a charge for any transaction under any resultant Contract.

## 1.24 Ownership of Tenders

All documents, materials, articles and information submitted by the Tenderer as part of or in support of the Tender will become upon submission the absolute property of the Principal and will not be returned to the Tenderer at the conclusion of the Tender process PROVIDED that the Tenderer be entitled to retain copyright and other intellectual property rights therein, unless otherwise provided by the Contract.

## 1.25 Canvassing of Officials

If the Tenderer, whether personally or by an agent, canvasses any of the Principal's Commissioners or Councillors Officers (*as the case may be*) with a view to influencing the acceptance of any Tender made by it or any other Tenderer, then regardless of such canvassing having any influence on the acceptance of such Tender, the Principal may at its absolute discretion omit the Tenderer from consideration.

## 1.26 Identity of the Tenderer

The identity of the Tenderer and the Contractor is fundamental to the Principal. The Tenderer will be the person, persons, corporation or corporations named as the Tenderer in Part 5 and whose execution appears on the Offer Form in Part 5 of this Request. Upon acceptance of the Tender, the Tenderer will become the Contractor.

## 1.27 Costs of Tendering

The Principal will not be liable for payment to the Tenderer for any cost, losses or expenses incurred by the Tenderer in preparing their offer, including any cost involved pertaining to the Tenderer lodging a Tender response through the Tenderlink process.

## 1.28 Tender Opening

Tenders will be downloaded from the Tenderlink portal with two of the Principal's representatives present, following the advertised Deadline. All submissions received will be recorded in the Tender Register. The Tender Register will be available for public inspection in accordance with Regulation 17 of the *Local Government (Functions and General) Regulations 1996*.

## 1.29 In House Tenders

The Principal does not intend to submit an In-House Tender.

## 1.30 Intellectual Property Rights

The Principal warrants that, unless otherwise provided in the Contract, design, materials, documents and methods of working, each specified in the Contract or provided or directed by the Principal or the Principal's Representative shall not infringe any intellectual property right.
