In certain circumstances, the Shire may supply water for other than drinking purposes (e.g., treated effluent) in a manner agreed with the customer.

The Shire shall treat and dispose of wastewater in an environmentally responsible manner. All wastewater treatment plants shall operate in accordance with the license conditions set by, and/or agreements with, the Department of Water and Environmental Regulation.

Occasionally some odours occur in treatment plants, and these may affect nearby residents. The Shire of Gnowangerup shall respond to complaints of odours by investigating the report and advising the customer of the outcome within one day.

The owner of land in respect of which statutory water services charges apply for the provision of a water service by the Shire of Gnowangerup is entitled to the provision of a water service. The owner of the land's entitlement is subject to:

- the terms and conditions of the provision of the service; and
- the statutory charges that are due to the licensee are being paid (refer *Water Services Act 2012, Section 73*).

The Shire of Gnowangerup may refuse to provide, or may suspend the provision of a water service to a person entitled to the service under the *Water Services Act 2012* where a person refuses to comply with a prescribed requirement relating to the provision of the service (*Water Services Act 2012, Section 21 (2) (c)*).

The Shire of Gnowangerup may refuse to provide a water service to a person who is not authorised by the license to be entitled to the service under the *Water Services Act 2012*. The service may also be refused where the location is within the area of the license specified for the service and the provision of the service is not financially viable or practicable (*Water Services Act 2012, Section 21 (3) (c)*).

2.2 YOUR RIGHTS TO INDUSTRIAL AND COMMERCIAL WASTEWATER SERVICES

Industrial and commercial wastewater may be accepted for discharge in the Shire of Gnowangerup's wastewater system subject to compliance with the Shire's requirements. An agreement with a customer for industrial and wastewater services to be provided by the Shire, shall be documented in an industrial waste permit issued by the Shire.

If the Shire of Gnowangerup's activities have caused damage to a customer's property or disruption to them, such as from a sewer overflow, the Shire of Gnowangerup shall deal with the matter in a fair and business-like manner, whether or not a complaint was received. The Shire may rectify damage and, as necessary and reasonable, compensate the customer subject to the Water Act.

Charges for services to customers shall comply with the relevant provisions and regulations of the *Water Services Act 2012*, the *Health (Miscellaneous Provisions) Act 1911*, *Public Health Act 2016* and the *Local Government Act 1995*.

If an error occurs resulting in the customer paying more than the correct amount, the excess amount shall be held in credit for a future charge, or refunded, at the discretion of the customer. Similarly an error in undercharging may require the customer to pay the extra amount.

The Shire of Gnowangerup has the discretion to make refunds, adjustments and waive or defer payments. The Shire can make special financial arrangements to assist customers experiencing hardship in the payment of their accounts. Information on these options is available from the Shire's Administration Office or by calling the telephone number shown on the account. The Shire of Gnowangerup has a Financial Hardship Policy relating to its water services. The copy of the policy is available on demand from the Shire's Administration office or can alternatively be accessed through the Shire's website at:

Statements of account for outstanding charges are issued on a regular basis. In addition, the Shire of Gnowangerup shall supply additional statements of account on request. A fee may apply for this service.

Utility service availability and other charges are made against the owner of the land to which services are available or supplied, and are the responsibility of the property owner. A property owner is responsible for payment of the charges set by the Shire of Gnowangerup as applicable to the property.

An account shall be regarded as having been delivered when it is transmitted to a property owner at the address notified to the Shire by the property owner or the property owner's agent. It is the property owner's responsibility to notify the Shire of any change of address.

The Shire of Gnowangerup may charge interest on overdue accounts as prescribed in Local-Laws made under the Water Agencies (Charges) By-laws. Also, if a customer's cheque is not honoured for any reason, the Shire of Gnowangerup may pass on any costs incurred.

2.7 REVIEW OF BILL

The Shire will review a bill at the request of a customer in accordance with the requirements of the *Water Services Code of Conduct (Customer Service Standards) 2018*.

After a review of a bill is conducted and the Shire is satisfied that the bill is correct, then the Shire may:

- Request payment of any unpaid amount
- Provide the customer with information concerning the process and operation of both the internal and external complaints handling process, which includes the customer's right to refer any complaint to the Energy and Water Service Ombudsman.

Where a customer has been **overcharged**, the Shire must inform the customer and follow the procedures set out in the *Water Services Code of Conduct (Customer Standards) 2018* for repaying the overcharged amount.

The Shire will:

- Inform a customer if an overcharge has occurred within **15 business days** of becoming aware of the overcharged amount;
- Provide the customer with options of how to have the overcharged amount either credited to their account, or refunded to them upon request;
- Provide the refund of any overcharged amount within **15 business days** of their lodged request.

Where a customer has been **undercharged**, the Shire may recover the undercharged amount from the customer in accordance with the procedures set out in the *Water Services Code of Conduct (Customer Standards) 2018*.

The Shire will:

- Only recover the amount undercharged for a service provided in the 12 month period ending on the day on which the Shire informed the customer that they have not been charged for the undercharged amount;
- Not charge a late payment fee or bill any interest on any undercharged amount;
- Offer the customer an opportunity to pay the undercharged amount in installments, interest free, over the same period that they were undercharged.

Please note that this section is only applicable to charges levied under the *Water Services Act 2012*.

2.8 REVIEW OF SERVICE CHARGES

The Shire of Gnowangerup sewerage charge is set by Council each year and can only be reviewed by Council. A written request to review the service charge is required for Council to review the service charge.

For residential properties, the wastewater and drainage service charge components of the customer bill are based on the rateable value (Gross Rental Value or GRV) of the property set by the Valuer General.

Customers should contact Landgate or visit the Landgate website at <https://www0.landgate.wa.gov.au/> if they wish to dispute the GRV.

Please note that this section is only applicable to charges levied under the *Water Services Act 2012*.

2.9 CONNECTING TO OUR SERVICES

Applications for wastewater service connections should be made at the Shire of Gnowangerup's Administration Office. These applications must be accompanied by the related building plans. All applications for approval shall be processed within seven (7) days from the day after the day of receipt of the application and payment of the applicable fee.

Where a Shire of Gnowangerup wastewater reticulation main is available to a customer's land and has the capacity for the required service, the Shire of Gnowangerup shall, on application by the customer, approve connection to the wastewater system, under the terms and conditions set out in the Charter, the License and the Water Act.

Where a junction to an available sewer does not exist, a junction will be provided by the Shire of Gnowangerup, by arrangement with the licensed plumber installing the property sewer. No fee applies where a service availability charge has been applied to a property.

If the Shire of Gnowangerup's wastewater system is available to a property, which produces or has capacity to produce wastewater, it is a requirement for a new property owner, upon sale, to connect to the system.

2.10 DISCONNECTION

If the wastewater service is no longer required by a customer, a disconnection from the Shire of Gnowangerup's services may be approved provided that:

- the Shire of Gnowangerup is first notified of the intention, and
- a fee is paid to the Shire of Gnowangerup which shall arrange the disconnection, and
- the property has no further wastewater disposal requirement.

In most circumstances, disconnection of a wastewater service does not terminate this Charter. The Shire is required under the Water Acts and License to levy a service availability charge to the owner of land (including vacant land) where wastewater services are available for connection. The Charter is void if there were no services available and no charges levied.

The Shire shall reconnect its services at a customer's request, and on compliance with the terms and conditions of this Charter. A reconnection fee shall apply.

2.11 ENQUIRIES, SUGGESTIONS, COMPLAINTS AND DISPUTES

The Shire of Gnowangerup values your enquiries and suggestions on ways it can improve its services. If you have an enquiry you can telephone the Shire of Gnowangerup on (08) 9827 1007 during normal business hours. You will receive prompt, courteous and helpful assistance.

The Shire has a process of dealing with complaints relating to the Ongerup Sewerage and Effluent Reuse Scheme. When you lodge a complaint in writing or verbally, the Shire shall address the issue in a timely and efficient manner within fifteen (15) business days from receiving the complaint.

The Shire is responsible for resolving complaints by customers within fifteen (15) business days regarding a provided/and or requested water service, or for matters which must be considered by a Local Government Authority Council, within five (5) business days after the first ordinary Council meeting following the expiry of the fifteen (15) business day period.

If you are not satisfied with a solution offered or action taken on a complaint, you may seek referral to the Shire's Chief Executive Officer, who shall investigate the complaint, assess the appropriateness of the Shire's response and either confirm or amend the Shire's proposed solution or action.

If the matter has not been resolved to your satisfaction within fifteen (15) business days, you may refer the matter to the Department of Water and Environmental Regulation, on 08 6364 7000, which will seek a detailed explanation of the nature of the complaint, the solutions or actions offered by the Shire of Gnowangerup, and the reasons why these are not acceptable to you. The Department of Water and Environmental Regulation will respond with its opinion on the matter, and suggest a solution to the parties involved.

If you remain dissatisfied with the outcome, you may submit the matter for arbitration by an Arbitrator selected by the customer from a list prepared by the Department of Water and Environmental Regulation. The Arbitrator's decision, including award of costs shall be binding on both parties, and will preclude further action on the matter. You may elect to bypass the arbitration process and take legal action to resolve the matter.

A customer may, but does not have to, use the Shire of Gnowangerup's complaints procedure before or instead of the procedures under the Act:

- Apply to the Water Services Ombudsman or making an appeal from, or applying for a review of, the decision to the State Administrative Tribunal;

3.0 OUR POWERS

3.1 ENTRY TO YOUR PROPERTY

The circumstances in which the Shire of Gnowangerup's representatives may enter your property to carry out investigations and/or work on the Shire of Gnowangerup wastewater system are set out in the Water Act. Any such entry shall normally occur during business hours, except in cases of emergency. For planned work within a property, the Shire of Gnowangerup shall advise the occupier in advance. In cases of emergency, the occupier, if present, shall be informed of the repairs to be undertaken and the anticipated length of time for the work.

3.2 RECTIFYING DEFECTIVE WORK

If the Shire of Gnowangerup becomes aware of the presence of any defective or improper work forming part of your wastewater pipes and fittings which may impair the effective operation of the Shire's system, it may serve a notice requiring you to remedy any such defect or improper work within a specified time.

If the terms of the notice are not followed, the Shire of Gnowangerup may enter the customer's property to remedy the defective or improper work. This action, if taken, shall be in accordance with the relevant Acts, and the full cost of any remedial work shall be charged to the customer.

3.3 SERVICE INTERRUPTIONS

The Shire of Gnowangerup's wastewater services are designed to be available 24 hours a day. However, the Shire may interrupt, postpone or limit its wastewater services to customers:

- if any part of works is damaged, for example, by bursting, blockages or breakdowns; or
- if it is necessary to inspect, maintain, repair or replace any part of works; or
- for connection of new works or services; or
- if an event occurs beyond the Shire's control, including acts by others, sabotage, flood, earthquake, power or water shortage or industrial action.

Except in emergencies, the Shire shall give notice to you of its intention to interrupt, postpone or limit the supply of services for the purpose of regular maintenance or works programs. Unless interruptions are limited to a few minutes, notification shall be given to domestic customers - at least forty-eight (48) hours prior, and for commercial and industrial customers - at least seven (7) days prior or by agreement.

3.4 MAINTENANCE

The Shire of Gnowangerup's wastewater services are provided from the point where the pipes serving your property connect to the Shire wastewater reticulation main.

Wastewater reticulation mains (sewers) and associated fittings remain the property of the Shire of Gnowangerup whether or not they are located within private property. The location of these structures can be obtained from the Shire's office. You are required to ensure that the Shire's pipelines and structures are reasonably accessible, are not interfered with, covered, built close to, built over, or damaged.

Prior to undertaking building or construction activity on land connected or capable of being connected, it is a requirement to gain the Shire's approval. In the first instance, you should contact the Shire of Gnowangerup's office. Unauthorised property improvements which interfere with the Shire's assets may be required to be removed at your cost.

The Shire of Gnowangerup is responsible for the maintenance of sewer property connections where they are unable to be cleared or repaired from the inspection shaft - provided that the depth of the repair job is 2.5 meters or more, and/or the fault in the property connection is outside the property concerned.

You are responsible for all plumbing, pipes and fixtures on or serving your property to the point where pipes connect to the Shire of Gnowangerup's sewer property connection. Where the sewer property connection is at a depth of less than 2.5 meters, and is situated within the property boundary, you are responsible for maintenance of that property sewer connection.

Prior to making major changes to the operation of a water service(s), such as the construction of new wastewater treatment works or significant expansion of the sewerage network, the licensee will:

- (a) hold a public meeting to obtain customer views on the performance and operation of the scheme;
or
- (b) advertise for written submissions on the proposal.

The licensee must allow customers to raise matters of concern regarding the sewerage system at public question time in accordance with the *Local Government Act 1995*.

3.5 DISCHARGE OF UNAUTHORISED SUBSTANCES

It is your responsibility to ensure that stormwater (including roof runoff) and other unauthorised substances are not discharged into the Shire of Gnowangerup's sewers. Certain waste products are not suitable for disposal in the Shire of Gnowangerup's wastewater system because of their nature and ability to pollute. Specialised procedures for disposal are required for substances such as:

- cooking oil and grease - these should be placed in a container or wrapped and placed in the rubbish bin;
- paint, paint thinners, dry cleaning fluids, engine oil, solvents, acids, alkalis, laboratory chemicals, kerosene, garden poisons, polishes or cleaning products - such substances should be deposited at a local council collection point for these materials (this only applies to substances used for domestic purposes); and
- products like disposable nappies, panty hose, sanitary napkins, tampons, cotton buds, syringes, toilet deodorant packs and razors - these should be wrapped and placed in the rubbish bin.

3.6 LIMITATION OR WITHDRAWAL OF SERVICES

The Shire of Gnowangerup may discontinue its wastewater services in the following circumstances:

- if you do not comply with the terms and conditions of this Charter;
- if there is a public health, environmental and/or safety risk to the Shire's services from your service connection (e.g. backflow risk or unauthorised industrial waste discharge);
- If you do not pay, or meet and make arrangements to pay, overdue charges for the services.

If there is a health and safety risk the Shire shall discontinue service immediately. In all other cases, the Shire of Gnowangerup shall provide forty-eight (48) hours' notice in writing of its intention to refuse or alter or restrict its services.

The Shire shall reinstate its supply of services at your request, and on compliance with the terms and conditions of this Charter. A fee applies for this service.

3.7 LIABILITY

The Shire of Gnowangerup is liable for any loss or damage that you may suffer:

- as a result of a breach of this Charter by the Shire of Gnowangerup, its servants or agents; and
- as the result of a negligent act or omission by the Shire, its servants or agents; and
- as a result of the failure to meet standards prescribed by its Operating License or Regulations (if any).

The Shire of Gnowangerup's liability is limited as follows:

Section 77 of the *Water Services Act 2012* allows the Shire of Gnowangerup to interrupt, suspend, or restrict the provision of a water service if, in the Shire's opinion, it is necessary to do so because of an accident, emergency, potential danger or other unavoidable cause. The Shire of Gnowangerup is not liable for any loss or damage that arises from any such interruption, suspension or restriction unless the customer has an agreement with the Shire of Gnowangerup which expressly states that the Shire of Gnowangerup is, to the extent that the agreement states, liable in those circumstances.

The Shire of Gnowangerup's liability under breach of Charter is limited to the rights of compensation and redress set out in this Charter. The Shire of Gnowangerup's liability for failure to meet prescribed standards is limited to the amount prescribed as a penalty in its Operating License or Regulations.

SHIRE OF GNOWANGERUP

FINANCIAL HARDSHIP POLICY FOR WATER SERVICES

Shire of Gnowangerup

(08) 9827 1007

TTY 133 677

TIS 131 450

1. PURPOSE

This Financial Hardship Policy outlines how Shire of Gnowangerup (“**we**”) will assist a residential customer (“**you**”) who cannot pay a rate notice because of financial hardship.

Our policy applies only to the **water services portion** of your rate notice.¹ Residential tenants who have agreed with the land owner to receive a rate notice are also covered by this policy.

If you are also having difficulty paying other charges on your rate notice or if you are a commercial customer, we encourage you to still talk to us.

We are committed to working with you to find an appropriate payment solution that works for both you and us. We understand that it can be difficult to ask for support, and will treat you sensitively and respectfully.

2. WHAT IS FINANCIAL HARDSHIP?

You will be considered to be in financial hardship if paying the water services portion of your rate notice will affect your ability to meet your basic living needs² – in short, if you have the intention but not the financial capacity to pay.

Financial hardship may, for example, be caused by:

- loss of your, or a family member’s, primary income;
- separation or divorce from a spouse;
- domestic or family violence;
- loss of a spouse or a loved-one;
- physical and mental health problems;
- a chronically ill child;
- budget management difficulties because of low income; or
- other unforeseen factors affecting a customer’s capacity to pay, such as reduction in income or an increase in non-discretionary expenditure.

3. IDENTIFYING CUSTOMERS IN FINANCIAL HARDSHIP

If you think you may be in financial hardship, we encourage you to contact us as soon as possible. You may ask your financial counsellor to contact us on your behalf.

We will assess within three business days whether we consider you to be in financial hardship. If we cannot make our assessment within three business days, we will refer you to a financial counsellor for assessment.

As part of our assessment we will consider any information provided by you and, if applicable, your

¹ This is because the *Water Services Code of Conduct (Customer Service Standards) 2018* and our water licence only require us to have a hardship policy for any water services we provide to residential customers.

² Clause 22 of the *Water Services Code of Conduct (Customer Service Standards) 2018* defines financial hardship as “being in an ongoing state of financial disadvantage in which the ability of a customer who is a residential customer to meet the basic living needs of the customer or a dependent of the customer would be adversely affected if the customer were to pay an unpaid bill”.

financial counsellor. We will also take into account any information we may have on your payment history.

As soon as we have made our assessment, we will advise you of the outcome.

4. PAYMENT PLANS

If we determine that you are in financial hardship, we will offer you more time to pay the water services portion of your rate notice or a payment plan for this portion. We will not charge you any fees or interest as part of your extension or payment plan.

We will involve you and, if applicable, your financial counsellor in setting a payment plan. When setting the conditions of the plan, we will consider your capacity to pay and, if relevant, your usage needs.

If appropriate, we will review and revise your extension or payment plan.

We do not have to offer you a payment plan if you have had two payment plans cancelled because of non-payment.

If you are a tenant, we must make sure that the land owner is aware of us giving you an extension or entering into a payment plan with you before we do so. We can agree that you notify the land owner of the proposed extension or payment plan (and provide us with evidence that you have done so), or you can give us permission to notify the land owner.

5. DEBT REDUCTION AND COLLECTION

If you are in financial hardship, we will consider reducing the amount you owe us. We will also not commence or continue proceedings to recover your debt:

- While we are assessing whether or not you are in financial hardship; or
- If you are complying with your payment plan or another payment arrangement you have with us.

If you do not comply with your payment plan or other payment arrangement, we may commence debt recovery proceedings. When collecting your debt, we will comply with Part 2 of the ACCC and ASIC's *Debt collection guidelines for collectors and creditors*.

We may outsource your debt to a debt collection agency and additional fees may apply. We will ensure that any debt collection agency we engage will comply with Part 2 of the ACCC and ASIC's *Debt collection guidelines for collectors and creditors*.

6. USEFUL INFORMATION

Redirection of rate notice: We will advise you of your right to have your rate notice redirected to another person free of charge if you are absent or ill.

Payment options: You may pay your rate notice by direct debit, Centrepay, internet, telephone or post.

Please be advised that Centrepay is only available to customers who receive Centrelink payments. Paying by direct debit or Centrepay may help you manage your bills more easily as your bills will be paid through regular deductions.

For more information on your payment options, please contact us.

TREATMENT OF COMPLAINTS

The Shire of Gnowangerup has a customer focused approach, and will be open to feedback including complaints and show commitment to resolving complaints by its actions.

Each complaint will be addressed in an equitable, objective and unbiased manner through the complaints handling process.

A complainant is entitled to confidentiality and personally identifiable information concerning the complainant should be available where needed, but only for the purposes of addressing the complaint within the organisation and should be actively protected from disclosure, unless the customer or complainant expressly consents to its disclosure.

Access to the complaints handling process through the Shire of Gnowangerup will be free of charge to the complainant.

Every reasonable effort will be made to investigate all the relevant circumstances and information surrounding a complaint.

The Shire of Gnowangerup will work to resolve the complaint within fifteen (15) business days.

BILL REVIEW PROCEDURE

The request for a bill review is to be recorded and registered in the incoming mail register and the Shire of Gnowangerup's Ongerup Sewerage and Effluent Reuse Scheme Complaint Register then immediately forwarded to the Chief Executive Officer (CEO) or applicable designated authorised Shire Officer.

An acknowledgement of the request for a bill review is to be sent to the complainant upon receipt of the complaint.

The CEO or designated authorised Shire Officer is to contact the complainant to discuss the request, find out further information and explain how the complaint will be dealt with including confirming when the review is expected to be completed.

EXAMINE HOW CHARGES ARE DETERMINED

All customers are billed for wastewater services annually, with the account sent to the address where the service is provided or an address nominated by the customer.

Charges are determined as part of the Shire of Gnowangerup's budget process which is adopted by Council annually. Charges are determined in the following manner:

- Non Rated Properties – by a set charge for each fixture
- Ratable Properties - by a levy based on the valuation of properties.
- Minimum charges also apply where the valuation of a ratable property is low or land is vacant.

As charges are not determined on the basis of metered services, the provision for meter reading and testing referred to in clause 20 (3)(a) of *the Water Services Code of Conduct (Customer Service Standards) 2018* does not apply.

If the complainant is disputing the charge on the basis of an incorrect property valuation, the customer is to be informed of the process of appealing a valuation (within 60 days of bill issue) and to be provided with the contact details of the Valuer General's Office. Where it is based on the number of fixtures or the incorrect application of a minimum charge this will be reviewed by the CEO or duly authorized Shire Officer and a correct account issued if required.

WHERE AN ACCOUNT IS INCORRECT

Overcharging in bills

If an overcharge has been made, an amended account is to be produced, with additional time given to pay the account. If the customer has already paid the disputed account, a credit is to be made to the customer's account within fifteen (15) business days starting on the day the Shire has been made aware of the overcharge. The customer will be sent a notice informing them of the overcharge and recommending options of how the overcharged amount may be refunded to them or credited to their account.

If an overcharging notice was sent to a customer and the Shire receives instructions from the customer about the refunding or crediting of their account with the overcharged amount, then the Shire must in accordance with instructions refund the customer within fifteen (15) business days, starting on the day the Shire receives the instructions from the customer.

If no instructions are received from the customer within ten (10) business days from when the overcharging notice was sent, then the Shire will credit the overcharged amount to the customer's account before the end of the period of the next fifteen (15) business days.

The Shire of Gnowangerup will notify the customer immediately after crediting the overcharged amount to the customer's account under subclause 19 (2)(a), (3) or (4) of the *Water Services Code of Conduct (Customer Service Standards) 2018*.

Undercharge in bills

If there has been an undercharge, the Shire of Gnowangerup can only recover a charge for services provided in the 12-month period prior to the customer being notified of the undercharge.

The undercharged amount will either be sent as a separate bill or added as a separate item on the next bill.

The customer must be allowed to repay through a repayment plan, and interest and late payment fees are not to be charged on the undercharged amount.

The above will not be applicable if the undercharging occurred as a result of the fraudulent or illegal conduct of the customer.

UPON COMPLETION OF THE REVIEW

When the bill review is completed, the customer is to be issued a written summary of the review and its outcome.

The outcome of the review is to be entered into the Shire of Gnowangerup's Ongerup Sewerage and Effluent Reuse Scheme Complaint Register against the original complaint.
