COMMENTS

Tender RFT 2024-10-2 Kwobrup Rd Reconstruction and Widening seeks the appointment of a suitably qualified civil contractor to complete the final three kilometres of the Kwobrup Rd upgrade from SLK 9.50 – SLK 12.69 to the Tieline Rd intersection.

Following Council endorsement, RFT 2024-10-2 tender documents were uploaded to the Shire of Gnowangerup TenderLink portal and advertised in the West Australian newspaper on the 6 November 2024.

Tender notices were also posted on the Shires website, Facebook page and public notice boards.

The tender period closed 2pm 22 November 2024 and one submission was received.

The evaluation panel assessed the submission and deemed the contractor as being suitably qualified and capable of delivering the project to a high standard however their price slightly exceeds Councils allocated budget.

Shire officers believe the price the tenderer has submitted is reflective of the current market value for the civil works which have been specified in the tender.

While the tender is only marginally over budget additional funds are requested to allow for possible culvert pipe extensions and contingencies totalling \$30,000.

Assessment scoring can be viewed in the Confidential Attachment.

CONSULTATION

Internal consultation amongst staff for the preparation of the tender specifications and within the evaluation panel.

ALTERNATE OPTIONS AND THEIR IMPLICATIONS

Council could resolve to not award the tender and not proceed with the reconstruction works. Implications of this option would be an increase in road failures requiring increased repairs and reducing the safety of the road. The Shire would also lose its funding for the proposed works.
