DECLARATION OF INTERESTS (NOTES FOR YOUR GUIDANCE)

A Member, who has a Financial Interest in any matter to be discussed at a Council or Committee Meeting that will be attended by the Member, must disclose the nature of the interest:

- a) In a written notice given to the Chief Executive Officer before the Meeting or;
- b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- a) Preside at the part of the Meeting, relating to the matter or;
- b) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the Local Government Act 1995.

NOTES ON FINANCIAL INTEREST (NOTES FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest** in a matter. These notes will be included in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measured in money terms. There are exceptions in the Local Government Act 1995 but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc.), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. **If in doubt declare.**
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The only exceptions are:
 - 6.1 Where the Councillor discloses the extent of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the Local Government Act; or
 - 6.2 Where the Minister allows the Councillor to participate under s.5.69(3) of the Local Government Act, with or without conditions.

INTERESTS AFFECTING IMPARTIALITY

DEFINITION: An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'. A member who has an Interest Affecting Impartiality in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- (a) in a written notice given to the Chief Executive Officer before the Meeting; or
- (b) at the Meeting, immediately before the matter is discussed.

IMPACT OF AN IMPARTIALITY DISCLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote. With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the adoption of applicable valuations and the imposition of general rates on rateable property.

BACKGROUND

Section 6.32 of the *Local Government Act 1995* states

6.32. Rates and service charges-

(1) *When adopting the annual budget, a local government*

(a) *in order to make up the budget deficiency, is to impose* a general rate on rateable land within its district, which rate may be imposed either:*

(i) *uniformly; or*

- (ii) *differentially; and*
- (b) *may impose* on rateable land within its district*
 - (i) *a specified area rate; or*
 - (ii) *a minimum payment; and*
- (c) *may impose* a service charge on land within its district.*

** Absolute majority required.*

- (2) *Where a local government resolves to impose a rate it is required to:*
 - (a) *set a rate which is expressed as a rate in the dollar of the gross rental value of rateable land within its district to be rated on gross rental value; and*
 - (b) *set a rate which is expressed as a rate in the dollar of the unimproved value of rateable land within its district to be rated on unimproved value.*

COMMENTS

Following the draft budget workshops held on 17th July 2019 and 31st July 2019, the following general rates are presented for Council's consideration.

The deficiency of expenditure over income for the purpose of striking the rate for the 2019-2020 financial year amounts to \$3,876,849.

\$3,876,849 to be raised by way of rates will impact as follows-

- (a) Rates levied will result in \$79,314 additional revenue when compared to the rates levied in the 2018-2019 financial year.

Every year, the unimproved value (UV) of each property is reassessed by the State's Valuer Generals Office. The gross rental valuation (GRV) of each property for country local governments is reassessed by the State's Valuer Generals Office every five (5) years, with the most recent GRV valuation occurring in June 2018, with revaluations to take effect from 1 July 2018. The Shire's UV properties were revalued effective 1 July 2019.

The following valuations are currently recorded in Council's 2019-20 rate book-

- (a) Unimproved Valuations (UV) - \$318,268,646, of which \$171,000 applies to non-rateable property assessments, giving a net UV rateable value of \$318,097,646.
- (b) Gross Rental Valuations (GRV) - \$3,743,411, of which \$53,345 applies to non-rateable property assessments, giving a net GRV rateable value of \$3,690,066.

The Shire bases the determination of annual property rates payable upon the unimproved values (UV) for rural properties and the gross rental values (GRV) for non-rural properties; with the values set by Landgate (previously known as Valuer General). The Shire applies a rate in the dollar charge for each valuation category, which is multiplied against a property's valuation.

The rate in the dollar for the 2018-2019 financial year was set, for UV properties at 1.1010 cents, and for GRV properties at 15.1769 cents. This becomes the base rate in the dollar when determining the following year's rate in the dollar. When properties are revalued, the previous year's rate in the dollar is adjusted in consideration of the whether the valuation has increased or decreased. This allows for a revised base rate that would have generated the same amount of revenue using the revalued property valuations. The increase in UV valuations necessitates an adjustment to the UV rates in the dollar as follows:

1. UV - from 1.0794 cents to 0.9989 cents to account for the valuation increment;

The rates in the dollar proposed in the draft budget are as follows-

- (a) GRV rate in the dollar for 2019-2020 will increase from 15.1769 cents to 15.4804 cents, equating to a 2.00% increase; and
- (b) UV rate in the dollar for 2019-2020 will increase from 0.9986 cents to 1.0189 cents, equating to a 2.00% increase.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the granting of a concession to rateable assessments 213, 293, 314 and 556.

BACKGROUND

Prior to 2014-15, the Shire had been using the Differential Rating provisions under Section 6.33 of the *Local Government Act 1995* to provide a lower general rate to properties located within the Amelup Tourism Precinct. The reason for the lower general rate was to assist with the promotion of the tourist industry within the Amelup Precinct. The lower general rating only applied to those properties on the Rate in the Dollar; those properties within the precinct that paid the minimum payment received no reduction.

The Amelup Differential Rate was applied to 5 rateable assessments, of which 4 were subject to the Rate in the Dollar calculation and 1 was subject to the Minimum Payment.

In 2015-16 Council resolved to grant a concession to the 4 property assessments by using the provisions of Section 6.47 of the *Local Government Act 1995*, rather than levying differential rates.

Section 6.47 of the *Local Government Act 1995* provides for a local government to grant a concession in relation to a rate or service charge.

Section 6.47 state-

6.47. Concessions

Subject to the Rates and Charges (Rebates and Deferments) Act 1992, a local government may at the time of imposing a rate or service charge or at a later date resolve to waive a rate or service charge or resolve to grant other concessions in relation to a rate or service charge.*

*** Absolute majority required.**

COMMENTS

The use of Section 6.47, to grant a concession to the four rateable assessment equivalent to the same rate reduction that was being provided under the previous Differential Rating System, is a much simpler and straight forward process.

Previously the Amelup Differential Rate in the Dollar was 50% of the standard GRV Rate in the Dollar.

The level of concession proposed is 50% of the proposed rates to be levied, which will yield the same result as was previously calculated under the Differential Rating System. The concession will apply to the following rateable assessments-

A213	50% concession
A293	50% concession
A314	50% concession
A556	50% concession

- (2) *A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.*
- (3) *In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —*

- (6) For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories –
- (a) to land rated on gross rental value; and
 - (b) to land rated on unimproved value; and
 - (c) to each differential rating category where a differential general rate is imposed.

COMMENTS

Following the draft budget workshops held on 17th July 2019 and 31st July 2019, the following minimum payments are presented for Council's consideration.

The deficiency of expenditure over income for the purpose of striking the rate for the 2019-2020 financial year amounts to \$3,876,849.

\$3,876,849 to be raised by way of rates in 2019-20 will impact as follows-

- (a) General Rates levied will result in \$79,314 additional revenue when compared to the rates levied in the 2018-19 financial year.

The Minimum Payment for both UV and GRV properties is proposed to increase from \$750 to \$765 representing a 2.00% increase on the 2018-2019 Minimum Rate levied.

The proposed 2019-2020 UV Minimum Payment will be imposed on 27 UV property assessments, being 7.25% of the total UV property assessments.

The proposed 2019-2020 GRV Minimum Payment will be imposed on 130 GRV property assessments, being 26.1% of the total GRV property assessments.

LEGAL AND STATUTORY ENVIRONMENT

Local Government Act 1995 s.6.35.

The imposition of the proposed Minimum Payment complies with the percentage requirements of subclause (3) of Section 6.35.

 - (a) *may, and if so requested by the owner of the land is required to, make a refund to that owner which is proportionate to the contributions received by the local government; or*
 - (b) *is required to allow a credit of an amount proportionate to the contribution received by the local government in relation to the land on which the rate was imposed against future liabilities for rates or service charges in respect of that land.*

(6) Where –

- (a) before the coming into operation of the Local Government Amendment Act 2012 Part 2 Division 5, a specified area rate was imposed, or purportedly imposed, under this section by a local government for the purpose of the provision of underground electricity; and
- (b) the underground electricity was not, or will not, be provided, or not wholly provided, by the local government, the rate is, and is taken always to have been, as validly imposed under this section as it would have been if, at the time of the imposition of the rate, the local government were to provide the underground electricity.

COMMENTS

The Shire initially introduced a Specified Area Rate in 2003-2004 with the purpose of meeting the loan repayments associated with the construction of the Gnowangerup Sporting Complex and also the cost of sealing the car park at the Sporting Complex.

The distribution method for this specified area rate in 2003-2004 was calculated as follows-

VALUATION CATEGORY	2003-2004		
	Min Rate	Revenue	% Split
GRV	50	10,395	33.53%
UV	30	20,605	66.47%
		31,000	100.00%

The Specified Area Rate purpose was amended in 2004-2005 so that it was solely for the purpose of meeting the payment of loans drawn down for the construction of the Gnowangerup Sporting Complex.

The distribution method for this specified area rate in 2004-2005 was calculated as follows-

VALUATION CATEGORY	2004-2005				
	Rate in \$	Min Rate	Rateable Value	Revenue	% Split
GRV	0.600	30	1,446,521	10,380	33.53%
UV	0.600	30	3,322,130	20,620	66.47%
				31,000	100.00%

The loans associated with the original construction of the Sporting Complex were paid out in 2010-2011.

At its meeting of 27th October 2010, Council, in part, passed the following resolution:

“That Council authorise the Gnowangerup Sporting Complex Committee’s request to extend the Specified Area Rate for an additional 10 years for the purpose of repaying the loan drawn down to facilitate the upgrade of the Gnowangerup Sporting Complex and construction of a Synthetic Hockey and Tennis Courts. Council considers that this project will be in the best interests and benefit of the Old Gnowangerup Ward residents. This rate is to be imposed to raise \$30,000 per annum with a minimum rate set at \$30 per assessment. This charge is created as per the regulations in Section 6.37 of the Local Government Act (1995).”

From the above resolution it is clear that the Councils intent was to cap the Specified Area Rate to \$30,000, even though the annual loan repayments for Loan 275 (Complex Upgrades) and Loan 279 (Synthetic Turf) were more than \$30,000. It has been assumed that the approach has been to fully fund the loan repayments for Loan 275 (totalling \$22,080 per annum) and fund part of the loan repayments for Loan 279 (totalling \$7,920 per annum), meeting the total estimated rate levied each year of \$30,000.

The new specified area rate was commenced in the 2011-2012 financial year, with the distribution method calculated as follows:

VALUATION CATEGORY	2004-2005				
	Rate in \$	Min Rate	Rateable Value	Revenue	% Split
GRV	0.004923	30	2,126,614	10,470	34.90%
UV	0.000173	30	112,890,200	19,530	65.10%
				30,000	100.00%

The above relative percentage spread of the rate burden was maintained until 2013-2014, where the distribution method was changed to the following-

VALUATION CATEGORY	2013-2014				
	Rate in \$	No of Props.	Rateable Value	Revenue	% Split
GRV	0.004925	351	2,504,368	12,300	41.00%
UV	0.000163	176	108,867,000	17,700	59.00%
				30,000	100.00%

Rate Burden Distribution Methodology

The current distribution methodology for this specified area rate is 35% GRV and 65% UV, giving a distribution of the rate burden as follows-

Rates to be levied = \$30,000.00

GRV Rates to be levied = \$30,000.00 x 35% = \$10,500* (rounded)

UV Rates to be levied = \$30,000.00 x 65% = \$19,500* (rounded)

Application of Rates levied

The purpose of the 2019-2020 Specified Area Rate for the Gnowangerup Sporting Complex is as follows–

“to contribute towards the loan repayments (current and future) associated with the Gnowangerup Sporting Complex and Synthetic Turf Facilities”.

To comply with the requirements of Section 6.37(4), the Council needs to take appropriate steps to ensure that it has applied all the specified area rate levied against the relevant costs associated with the work, service or facility. In this respect the Council needs to perform an annual reconciliation to establish whether it has levied more, less, or the precise amount, of specified area rates to meet the loan repayments associated with Loans 275 and 279 for the Gnowangerup Sporting Complex and Synthetic Turf.

The following table details a reconciliation for the specified area rates since its introduction.

Description	2013-2014	2014-15	2015-16	2016-17	2017-18	2018-19
Unspent/(Overspent) balance Carried Forward	\$37,662.11	\$37,973.85	\$7,973.85	\$62.57	(\$86.83)	(\$68.22)
Actual specified area rate levied	\$30,312.44	\$0	\$22,088.72	\$29,850.60	\$30,018.61	\$30,064.94
Less Expenses						
Loan Repayments (Principal & Interest for Loan 275 & Part of Loan 279)	(\$30,000.00)	(\$30,000.00)	(\$30,000.00)	(\$30,000.00)	(\$30,000.00)	(\$30,000.00)
Unspent/(Overspent) Balance Carried Forward	\$37,973.85	\$7,973.85	\$62.57	(\$86.83)	(\$68.22)	(\$3.28)

** - Loan 279 for the construction of the Synthetic Hockey and Tennis Courts was not drawn down until late in 2012-2013, therefore no loan repayments were incurred until the 2013-2014 financial year.

To comply with the requirements of Section 6.37(5) of the Act, the Council must either-

1. Refund the owners of the land the amount which is proportionate to the contributions received by the local government; or
2. Allow a credit of an amount proportionate to the contribution received by the local government in relation to the land on which the rate was imposed against future liabilities for rates or service charges in respect of that land.

The simplest solution for Council is to add the shortfall specified area rate balance to the amount required to be raised for the 2019-2020 budget. This can be calculated as follows-

Current Shortfall from 2018-19	(\$3.28)
Less loan repayment for 2019-2020	<u>(\$30,000.00)</u>
Rates required to be levied in 2019-2020	<u>\$30,003.28</u>

Rate in Dollar Formula Calculation

The formula for the determination of the rate in the dollar is as follows-

Rates to be levied = GRV Rates + UV Rates

\$30,003.28 = GRV Rates + UV Rates

UV Rates = Rates to be levied x percentage split for UV = UV Rates to be levied

GRV Rates = Rates to be levied x percentage split for GRV = GRV Rates to be levied

Rate in Dollar for UV properties = UV Rates/Current UV values

Rate in Dollar for UV properties = \$19,501.95/141,861,600

Rate in Dollar for UV properties = \$0.000137 (rounded to 6 decimal places)

This will yield approximately \$19,435.04 due to rounding to 4 decimal places in the rating system.

This will be charged against 177 UV property assessments.

Rate in Dollar for GRV properties = GRV Rates/Current GRV values

Rate in Dollar for GRV properties = \$10,501.05/2,769,807

Rate in Dollar for GRV properties = \$0.003792 (rounded to 6 decimal places)

This will yield approximately \$10,503.11 due to rounding to 4 decimal places in the rating system.

This will be charged against 348 GRV property assessments.

GRV properties – “All rateable land comprised within the area of the Gnowangerup townsite”.

UV properties – “All rateable land comprised within the Gnowangerup Rural Ward”.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the imposition of Specified Area Rates, to meet the loan repayments associated with the Borden Pavilion facility, on rateable properties within the old Borden Townsite and the Old Borden Rural Ward for 2019-2020.

BACKGROUND

Sections 6.32 and 6.37 of the *Local Government Act 1995* apply to the imposition of Specified Area Rates.

Section 6.32 of the *Local Government Act 1995* states

6.32. Rates and service charges-

(1) *When adopting the annual budget, a local government-*

(a) *in order to make up the budget deficiency, is to impose* a general rate on rateable land within its district, which rate may be imposed either:*

(i) *uniformly; or*

(ii) *differentially; and*

(b) *may impose* on rateable land within its district*

(i) *a specified area rate; or*

(ii) *a minimum payment; and*

(c) *may impose* a service charge on land within its district.*

** Absolute majority required.*

(2) *Where a local government resolves to impose a rate it is required to:*

(a) *set a rate which is expressed as a rate in the dollar of the gross rental value of rateable land within its district to be rated on gross rental value; and*

(b) *set a rate which is expressed as a rate in the dollar of the unimproved value of rateable land within its district to be rated on unimproved value.*

6.37. Specified area rates

- (1) A local government may impose a specified area rate on rateable land within a portion of its district for the purpose of meeting the cost of the provision by it of a specific work, service or facility if the local government considers that the ratepayers or residents within that area —
 - (a) have benefited or will benefit from; or
 - (b) have access to or will have access to; or
 - (c) have contributed or will contribute to the need for, that work, service or facility.
- (2) A local government is required to —
 - (a) use the money from a specified area rate for the purpose for which the rate is imposed in the financial year in which the rate is imposed; or
 - (b) to place it in a reserve account established under section 6.11 for that purpose.
- (3) Where money has been placed in a reserve account under subsection (2)(b), the local government is not to —
 - (a) change the purpose of the reserve account; or
 - (b) use the money in the reserve account for a purpose other than the service for which the specified area rate was imposed,and section 6.11(2), (3) and (4) do not apply to such a reserve account.

(NB: Section 6.11(2), (3) and (4) deal with the power to change the purpose or proposed use of money from a reserve account.)
- (4) A local government may only use the money raised from a specified area rate —
 - (a) to meet the cost of providing the specific work, service or facility for which the rate was imposed; or
 - (b) to repay money borrowed for anything referred to in paragraph (a) and interest on that money.
- (5) If a local government receives more money than it requires from a specified area rate on any land or if the money received from the rate is no longer required for the work, service or facility the local government —
 - (a) may, and if so requested by the owner of the land is required to, make a refund to that owner which is proportionate to the contributions received by the local government; or
 - (b) is required to allow a credit of an amount proportionate to the contribution received by the local government in relation to the land on which the rate was imposed against future liabilities for rates or service charges in respect of that land.
- (6) Where —
 - (a) before the coming into operation of the Local Government Amendment Act 2012 Part 2 Division 5, a specified area rate was imposed, or purportedly imposed, under this

section by a local government for the purpose of the provision of underground electricity; and

- (b) the underground electricity was not, or will not, be provided, or not wholly provided, by the local government, the rate is, and is taken always to have been, as validly imposed under this section as it would have been if, at the time of the imposition of the rate, the local government were to provide the underground electricity.

COMMENTS

The Shire initially introduced a Specified Area Rate in 2012-2013 with the purpose of meeting the loan repayments associated with the construction of the Borden Pavilion facility.

The distribution method for this specified area rate in 2012-2013 was calculated as follows-

VALUATION CATEGORY	2012-2013				
	Rate in \$	No.	Rateable Value	Revenue	% Split
GRV	\$0.002065	40	223,647	462	4.62%
UV	\$0.000112	115	85,157,200	9,538	95.38%
				10,000	100.00%

The distribution method for this specified area rate altered in 2013-2014, and was calculated as follows-

VALUATION CATEGORY	2013-2014				
	Rate in \$	No.	Rateable Value	Revenue	% Split
GRV	\$0.002065	40	262,200	540	5.40%
UV	\$0.000108	115	87,143,700	9,460	94.60%
				10,000	100.00%

Application of Rates levied

The purpose of the 2019-2020 Specified Area Rate for the Borden Pavilion facility is proposed to remain the same –

“to contribute towards the loan repayments (current and future) associated with the Borden Pavilion Facility”.

To comply with the requirements of Section 6.37(4), the Council needs to take appropriate steps to ensure that it has applied all the specified area rate levied against the relevant costs associated with the work, service or facility. In this respect the Council needs to perform an annual reconciliation to establish whether it has levied more, less, or the precise amount, of specified area rates to meet the loan repayments associated with Loan 276 for the Borden Pavilion.

The following table details a reconciliation for the previous five years of the specified area rates implementation.

Description	2014-2015	2015-16	2016-17	2017-18	2018-19
Unspent/(Overspent) balance Carried Forward	\$378.69	(\$33.84)	\$233.81	(\$234.82)	(\$52.88)
Actual specified area rate levied	\$9445,55	\$10,267.68	\$9,708.55	\$10,311.65	\$10,076.86
Less Expenses					
Loan Repayments (Principal & Interest for Loan 276)	(\$9,858.08)	(\$10,000.03)	(\$10,177.18)	(\$10,129.71)	(\$10,129.71)
Unspent/(Overspent) Balance Carried Forward	(33.84)	\$233.81	(\$234.82)	(\$52.88)	(\$105.73)

To comply with the requirements of Section 6.37(5) of the Act, the Council must either-

1. Refund the owners of the land the amount which is proportionate to the contributions received by the local government; or
2. Allow a credit of an amount proportionate to the contribution received by the local government in relation to the land on which the rate was imposed against future liabilities for rates or service charges in respect of that land.

The simplest solution for Council is to add the shortfall specified area rate balance to the amount required to be raised for the 2019-2020 budget. This can be calculated as follows-

Current shortfall 2018-19	(\$105.73)
Less loan repayment for 2019-2020	<u>(\$10,129.71)</u>
Rates required to be levied in 2019-2020	<u>\$10,235.44</u>

It is noted that the loan repayment for 2019-20 has been increased by the same amount of the increase in the guarantee fee passed on by WA Treasury.

Rate Burden Distribution Methodology

At its 2014-15 Special Meeting to adopt the budget, Council established that the distribution methodology for this rate would be 5% GRV and 95% UV. On this basis, the distribution of the rate burden for 2019-20 would be as follows-

Rates to be levied = \$10,235.44

GRV Rates to be levied = \$10,235.44 x 5% = \$511.77

UV Rates to be levied = \$10,235.44 x 95% = \$9,723.67

Rate in Dollar Formula Calculation

The formula for the determination of the 2019-2020 rate in the dollar is as follows-

Rates to be levied = GRV Rates + UV Rates

\$10,235.44 = GRV Rates + UV Rates

UV Rates = Rates to be levied x percentage split for UV = UV Rates to be levied

GRV Rates = Rates to be levied x percentage split for GRV = GRV Rates to be levied

Rate in Dollar for UV properties = UV Rates/Current UV values

Rate in Dollar for UV properties = \$9,723.67/113,165,800

Rate in Dollar for UV properties = \$0.000086

This will yield approximately \$9,732.26 due to rounding to 4 decimal places in the rating system.

This will be charged against 112 UV property assessments.

Rate in Dollar for GRV properties = GRV Rates/Current GRV values

Rate in Dollar for GRV properties = \$511.77/225,694

Rate in Dollar for GRV properties = \$0.002268

This will yield approximately \$511.87 due to rounding to 4 decimal places in the rating system.

This will be charged against 41 GRV property assessments.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the imposition of Specified Area Rates, to meet the operating costs associated with the Ongerup Effluent System, on rateable properties within the Ongerup Townsite for 2019-2020.

BACKGROUND

Sections 6.32 and 6.37 of the *Local Government Act 1995* apply to the imposition of Specified Area Rates.

Section 6.32 of the *Local Government Act 1995* states

6.32. Rates and service charges-

- (1) *When adopting the annual budget, a local government-*
- (a) *in order to make up the budget deficiency, is to impose* a general rate on rateable land within its district, which rate may be imposed either:*
 - (i) *uniformly; or*
 - (ii) *differentially; and*
 - (b) *may impose* on rateable land within its district*
 - (i) *a specified area rate; or*
 - (ii) *a minimum payment; and*
 - (c) *may impose* a service charge on land within its district.*

** Absolute majority required.*

- (2) *Where a local government resolves to impose a rate it is required to:*
- (a) *set a rate which is expressed as a rate in the dollar of the gross rental value of rateable land within its district to be rated on gross rental value; and*
 - (b) *set a rate which is expressed as a rate in the dollar of the unimproved value of rateable land within its district to be rated on unimproved value.*

6.37. Specified area rates

- (1) A local government may impose a specified area rate on rateable land within a portion of its district for the purpose of meeting the cost of the provision by it of a specific work, service or facility if the local government considers that the ratepayers or residents within that area —
 - (a) have benefited or will benefit from; or
 - (b) have access to or will have access to; or
 - (c) have contributed or will contribute to the need for, that work, service or facility.
- (2) A local government is required to —
 - (a) use the money from a specified area rate for the purpose for which the rate is imposed in the financial year in which the rate is imposed; or
 - (b) to place it in a reserve account established under section 6.11 for that purpose.
- (3) Where money has been placed in a reserve account under subsection (2)(b), the local government is not to —
 - (a) change the purpose of the reserve account; or
 - (b) use the money in the reserve account for a purpose other than the service for which the specified area rate was imposed,and section 6.11(2), (3) and (4) do not apply to such a reserve account.

(NB: Section 6.11(2), (3) and (4) deal with the power to change the purpose or proposed use of money from a reserve account.)
- (4) A local government may only use the money raised from a specified area rate —
 - (a) to meet the cost of providing the specific work, service or facility for which the rate was imposed; or
 - (b) to repay money borrowed for anything referred to in paragraph (a) and interest on that money.
- (5) If a local government receives more money than it requires from a specified area rate on any land or if the money received from the rate is no longer required for the work, service or facility the local government —
 - (a) may, and if so requested by the owner of the land is required to, make a refund to that owner which is proportionate to the contributions received by the local government; or
 - (b) is required to allow a credit of an amount proportionate to the contribution received by the local government in relation to the land on which the rate was imposed against future liabilities for rates or service charges in respect of that land.

(6) Where –

- (a) before the coming into operation of the Local Government Amendment Act 2012 Part 2 Division 5, a specified area rate was imposed, or purportedly imposed, under this section by a local government for the purpose of the provision of underground electricity; and
- (b) the underground electricity was not, or will not, be provided, or not wholly provided, by the local government, the rate is, and is taken always to have been, as validly imposed under this section as it would have been if, at the time of the imposition of the rate, the local government were to provide the underground electricity.

COMMENTS

The Ongerup Effluent System was constructed in 1967 with the purpose of collecting waste water from residential and commercial premises within the Ongerup Townsite. Waste water is collected from septic tanks at each property and is fed into an underground collection system consisting of 1,530m of vitreous clay pipe mains and 25 concrete man holes. The effluent is piped to 4 holding ponds via 600m of 150mm PVC pipe.

Shire has been imposing a specified area rate with the purpose of meeting the operational costs associated with the Ongerup Effluent System for over 15 years.

The distribution method for this specified area rate is calculated as follows-

VALUATION CATEGORY	2015-2016				
	Rate in \$	No.	Rateable Value	Revenue	% Split
GRV	\$0.04656	81	429,555	20,000	100.00%
				20,000	100.00%

Application of Rates levied

The purpose of the 2019-2020 Specified Area Rate for the Ongerup Effluent System is proposed to remain the same –

“to contribute towards the maintenance and operation, and renewal/replacement of the Ongerup Effluent System”.

To comply with the requirements of Section 6.37(4), the Council needs to take appropriate steps to ensure that it has applied all the specified area rate levied against the relevant costs associated with the work, service or facility. In this respect the Council needs to perform an annual reconciliation to establish whether it has levied more, less, or the precise amount, of specified area rates to meet the maintenance and operational costs associated with the Ongerup Effluent System. Any surplus is to be transferred to a reserve account for the specific purpose of the specified area rate, or refunded to the relevant ratepayers on a proportionate basis.

The financial records of the Council show that more than \$35,000 was spent on maintaining and operating the Ongerup Effluent system during 2017-2018, and \$21,344 was spent in 2018-2019.

In 2016-17 the Economic Regulation Authority directed Council to start making provision in a reserve account for the replacement and renewal of the Ongerup Effluent System assets, given that the assets are close to reaching their useful life.

Council has renewed all of the vitreous clay piping with UPVC piping over the last 2 financial years, effectively extending the life of these assets for another 30 plus years.

Rate in Dollar Formula Calculation

The formula for the determination of the 2019-2020 rate in the dollar is as follows-

Rates to be levied = GRV Rates

Rate in Dollar for GRV properties = GRV Rates/GRV Valuations

Rate in Dollar for GRV properties = \$35,000/457,274

Rate in Dollar for GRV properties = \$0.076541

This will be charged against 90 GRV property assessments within the Ongerup townsite.

Description of Land

GRV properties – “All rateable land comprised within the area of the Ongerup townsite”.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the imposition of a Waste Collection Rate for 2019-20 under the *Waste Avoidance and Resource Recovery Act 2007*.

BACKGROUND

Section 66 of the *Waste Avoidance and Resource Recovery Act 2007* permits a local government to impose an annual rate on rateable land for the purposes of providing for the performance of waste services.

Section 66 *Waste Avoidance and Resource Recovery Act 2007* states-

66 Local government may impose waste collection rate

- (1) *A local government may impose on rateable land within its district, and cause to be collected, an annual rate for the purpose of providing for the proper performance of all or any of the waste services it provides.*
- (2) *The annual rate must not exceed —*
 - (a) *12 cents in the dollar on the gross rental value; or*
 - (b) *where the system of valuation on the basis of the unimproved value is adopted, 3 cents in the dollar on the unimproved value of the land in fee simple.*
- (3) *The provisions of the Local Government Act 1995 relating to the making, payment and recovery of general rates apply with respect to rates referred to in subsection (1).*

Section 66(3) of the *Waste Avoidance and Resource Recovery Act 2007* requires that a local government comply with the provisions of the *Local Government Act 1995* that relate to the making, payment and recovery of general rates.

This means that all of the relevant provisions within Division 6 of Part 6 of the *Local Government Act 1995* that relate to the making, payment and recovery of general rates, apply to a waste collection rate imposed under the *Waste Avoidance and Resource Recovery Act 2007*. As the Waste Collection Rate is imposed as a Minimum Payment of \$200 per assessment, Section 6.35 of the Act applies.

Section 6.35 of the *Local Government Act 1995* states-

6.35. Minimum payment

- (1) *Subject to this section, a local government may impose on any rateable land in its district a minimum payment which is greater than the general rate which would otherwise be payable on that land.*
- (2) *A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.*
- (3) *In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —*
 - (a) *50% of the total number of separately rated properties in the district; or*
 - (b) *50% of the number of properties in each category referred to in subsection (6), on which a minimum payment is imposed.*
- (4) *A minimum payment is not to be imposed on more than the prescribed percentage of —*
 - (a) *the number of separately rated properties in the district; or*
 - (b) *the number of properties in each category referred to in subsection (6), unless the general minimum does not exceed the prescribed amount.*
- (5) *If a local government imposes a differential general rate on any land on the basis that the land is vacant land it may, with the approval of the Minister, impose a minimum payment in a manner that does not comply with subsections (2), (3) and (4) for that land.*
- (6) *For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories —*
 - (a) *to land rated on gross rental value; and*
 - (b) *to land rated on unimproved value; and*
 - (c) *to each differential rating category where a differential general rate is imposed.*

This also triggers the application of Regulations 52 and 53 of the *Local Government (Financial Management) Regulations 1996*.

Regulation 52 states-

52. Percentage prescribed for minimum payment (Act s. 6.35(4))

The percentage prescribed for the purposes of section 6.35(4) is 50%.

Regulation 53 states-

53. Amount prescribed for minimum payment (Act s. 6.35(4))

The amount prescribed for the purposes of section 6.35(4) is \$200.

COMMENTS

The Council introduced a Waste Collection Rate in 2013-2014 to assist in funding some of the issues facing the Council from a waste management perspective.

The Waste Collection Rate for 2013-2014 was set with a Rate in the Dollar of \$0.000001, and a Minimum Payment of \$130.00 per assessment. The introduction of the Waste Collection Rate was on the basis that only one rate be charged to landowners with more than one property assessment in the exact same name.

Section 66(3) of the *Waste Avoidance and Resource Recovery Act 2007* requires that a local government comply with the provisions of the *Local Government Act 1995* that relate to the making, payment and recovery of general rates. This means that all of the relevant provisions within Division 6 of Part 6 of the *Local Government Act 1995* that relate to the making, payment and recovery of general rates, apply to a waste collection rate imposed under the *Waste Avoidance and Resource Recovery Act 2007*.

The Waste Collection Rate for 2018-2019 resulted in 666 properties being levied with a minimum rate of \$200.00.

It is suggested that the Waste Collection Rate for 2019-2020 be imposed with a Rate in the Dollar of \$0.000001, and a minimum payment of \$200, with only one rate being charged to landowners with more than one property assessment in the exact same name. The rate will be imposed on 666 properties, providing a yield of \$133,200.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the-

1. Setting of options for the payment of rates and service charges for the 2019-2020 financial year;
2. Imposition of an administration fee and instalment interest charge for payments made by instalments; and
3. Imposition of a rate of interest on overdue rates and service charges for the 2019-2020 financial year.

BACKGROUND

Section 6.45 requires a local government to set the options for the payment of rates or service charges; as well as the ability to impose an administration fee and an instalment interest charge applicable to those payment options.

Section 6.45 of the *Local Government Act 1995* states-

6.45. Options for payment of rates or service charges

- (1) *A rate or service charge is ordinarily payable to a local government by a single payment but the person liable for the payment of a rate or service charge may elect to make that payment to a local government, subject to subsection (3), by —*
 - (a) *4 equal or nearly equal instalments; or*
 - (b) *such other method of payment by instalments as is set forth in the local government's annual budget.*
- (2) *Where, during a financial year, a rate notice is given after a reassessment of rates under section 6.40 the person to whom the notice is given may pay the rate or service charge —*
 - (a) *by a single payment; or*
 - (b) *by such instalments as are remaining under subsection (1)(a) or (b) for the remainder of that financial year.*

- (3) *A local government may impose an additional charge (including an amount by way of interest) where payment of a rate or service charge is made by instalments and that additional charge is, for the purpose of its recovery, taken to be a rate or service charge, as the case requires, that is due and payable.*
- (4) *Regulations may —*
- (a) *provide for the manner of making an election to pay by instalments under subsection (1) or (2); and*
 - (b) *prescribe circumstances in which payments may or may not be made by instalments; and*
 - (c) *prohibit or regulate any matters relating to payments by instalments; and*
 - (d) *provide for the time when, and manner in which, instalments are to be paid; and*
 - (e) *prescribe the maximum amount (including the maximum interest component) which may be imposed under subsection (3) by way of an additional charge; and*
 - (f) *provide for any other matter relating to the payment of rates or service charges.*

Section 6.51 provides for a local government to impose an interest charge on a rate of service charge that remains unpaid after becoming due and payable.

6.51. Accrual of interest on overdue rates or service charges

- (1) *A local government may at the time of imposing a rate or service charge resolve* to impose interest (at the rate set in its annual budget) on —*
- (a) *a rate or service charge (or any instalment of a rate or service charge); and*
 - (b) *any costs of proceedings to recover any such charge, that remains unpaid after becoming due and payable.*

*** Absolute majority required.**

COMMENTS

Payment options

The Shire has traditionally offered two payment options-

Option 1 Payment in full by the due date.

Option 2 Payment in four equal instalments, being-

- (a) Instalment 1 - 25% of the rates and service charges within 35 days of date of issue;
- (b) Instalment 2 - 25% of the rates and service charges within 2 months of (a);
- (c) Instalment 3 - 25% of the rates and service charges within 2 months of (b); and
- (d) Instalment 4 - 25% of the rates and service charges within 2 months of (c).

It is suggested that these payment options continue.

Administration fee and instalment interest charge

Section 6.45 of the Act permits Council to impose an administration charge where a payment of rate or service charge is made by instalments.

Regulations 67 and 68 of the *Local Government (Financial Management) Regulations 1996* limit how much can be imposed as an administration charge and as an instalment interest charge.

Traditionally the Shire has imposed an administration fee of \$10 on the second, third and fourth instalment payments.

It is suggested that a \$10 administration fee continue to apply to the second, third and fourth instalment payments.

The Shire has also previously imposed an instalment interest charge of 5.5% when option 2 is utilised by ratepayers.

Regulation 68 of the *Local Government (Financial Management) Regulations 1996* limits the maximum interest component to be imposed as an instalment interest charge to 5.5%.

It is suggested that Council continue to impose an instalment interest charge of 5.5%.

Accrual of interest on overdue rates or service charges

Section 6.51 of the Act permits Council to impose an interest charge on overdue rates or service charges.

Regulation 70 of *Local Government (Financial Management) Regulations 1996* limits the maximum rate of interest that can be imposed on overdue rates or service charges to 11%.

It is suggested that Council continue to impose an interest charge of 11% on overdue rates or service charges not paid by the due date.

PURPOSE OF THE REPORT

The purpose of this report is for Council to give consideration to the imposition, for the 2019-2020 financial year, of:

1. Fees and Charges; and
2. Rubbish Removal Charges and Recycling Removal Charges.

BACKGROUND

Sections 6.16 to 6.19 of the *Local Government Act 1995* govern how a local government may impose fee and charges for the provision of goods or services.

Section 6.16 states:

6.16. Imposition of fees and charges

- (1) *A local government may impose* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.*
*** Absolute majority required.**
- (2) *A fee or charge may be imposed for the following —*
 - (a) *providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;*
 - (b) *supplying a service or carrying out work at the request of a person;*
 - (c) *subject to section 5.94, providing information from local government records;*
 - (d) *receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;*
 - (e) *supplying goods;*
 - (f) *such other service as may be prescribed.*
- (3) *Fees and charges are to be imposed when adopting the annual budget but may be —*
 - (a) *imposed* during a financial year; and*
 - (b) *amended* from time to time during a financial year.*
*** Absolute majority required.**

6.17. Setting level of fees and charges

- (1) *In determining the amount of a fee or charge for a service or for goods a local government is required to take into consideration the following factors —*
 - (a) *the cost to the local government of providing the service or goods; and*
 - (b) *the importance of the service or goods to the community; and*

- (c) *the price at which the service or goods could be provided by an alternative provider.*
- (2) *A higher fee or charge or additional fee or charge may be imposed for an expedited service or supply of goods if it is requested that the service or goods be provided urgently.*
- (3) *The basis for determining a fee or charge is not to be limited to the cost of providing the service or goods other than a service —*
 - (a) *under section 5.96; or*
 - (b) *under section 6.16(2)(d); or*
 - (c) *prescribed under section 6.16(2)(f), where the regulation prescribing the service also specifies that such a limit is to apply to the fee or charge for the service.*
- (4) *Regulations may —*
 - (a) *prohibit the imposition of a fee or charge in prescribed circumstances; or*
 - (b) *limit the amount of a fee or charge in prescribed circumstances.*

6.18. Effect of other written laws

- (1) *If the amount of a fee or charge for a service or for goods is determined under another written law a local government may not —*
 - (a) *determine an amount that is inconsistent with the amount determined under the other written law; or*
 - (b) *charge a fee or charge in addition to the amount determined by or under the other written law.*
- (2) *A local government is not to impose a fee or charge for a service or goods under this Act if the imposition of a fee or charge for the service or goods is prohibited under another written law.*

6.19. Local government to give notice of fees and charges

If a local government wishes to impose any fees or charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of —

- (a) *its intention to do so; and*
- (b) *the date from which it is proposed the fees or charges will be imposed.*

Sections 67 and 68 of the *Waste Avoidance and Resource Recovery Act 2007* also apply to the imposition of rubbish and recycling removal charges. Section 67 of the *Waste Avoidance and Resource Recovery Act 2007* states:

67. Local government may impose receptacle charge

- (1) *A local government may, in lieu of, or in addition to a rate under section 66, provide for the proper disposal of waste, whether within its district or not, by making an annual charge per waste receptacle, payable in one sum or by equal monthly or other instalments in advance, in respect of premises provided with a waste service by the local government.*
- (2) *The charge is to be imposed on the owner (as defined in section 64(1)) or occupier, as the local government may decide, of any premises provided with a waste service by the local government.*
- (3) *The provisions of the Local Government Act 1995 relating to the recovery of general rates apply with respect to a charge referred to in subsection (1).*
- (4) *In the case of premises being erected and becoming occupied during the year for which payment is to be made, the charge for the service provided is to be the sum that*

proportionately represents the period between the occupation of the premises and the end of the year for which payment is made.

- (5) Notice of any charge made under this section may be included in any notice of rates imposed under section 66 or the Local Government Act 1995, but the omission to give notice of a charge does not affect the validity of the charge or the power of the local government to recover the charge.*
- (6) A charge may be limited to premises in a particular portion of the area under the control of the local government.*
- (7) Charges under this section may be imposed in respect of and are to be payable for all premises in respect of which a waste service is provided, whether such premises are rateable or not.*
- (8) A local government may make different charges for waste services rendered in different portions of its district.*

Section 68 of the *Waste Avoidance and Resource Recovery Act 2007* states:

68. Fees and charges fixed by local government

Nothing in this Part prevents or restricts a local government from imposing or recovering a fee or charge in respect of waste services under the Local Government Act 1995 section 6.16.

FOR THE YEAR ENDED 30TH JUNE 2020

BASIS OF PREPARATION

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations. The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements of *AASB 1051 Land Under Roads* paragraph 15 and *AASB 116 Property, Plant and Equipment* paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Gnowangerup controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the budget.

2018/19 ACTUAL BALANCES

Balances shown in this budget as 2018/19 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

CHANGE IN ACCOUNTING POLICIES

On the 1 July 2019 the following new accounting policies are to be adopted and have impacted on the preparation of the budget:

- AASB 15 - Revenue from Contracts with Customers;
- AASB 16 - Leases; and
- AASB 1058 - Income of Not-for-Profit Entities.

Explanation of the changes arising from these standards is provided at Note 15.

All land (other than exempt land) in the Shire of Gnowangerup is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Gnowangerup.

The general rates detailed for the 2019/20 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

Operating activities excluded from budgeted deficiency

When calculating the budget deficiency for the purpose of Section 6.2 (2)(c) of the *Local Government Act 1995* the following amounts have been excluded as provided by *Local Government (Financial Management) Regulation 32* which will not fund the budgeted expenditure.

(iii) Reason for adjustment to Adjusted net current assets - surplus/(deficit) on 1 July 2019

The Shire has elected to retrospectively apply the cumulative effect of applying AASB 1058 Income of Not-for-Profit Entities at the date of initial application of the standard, being 1 July 2019. The impact of applying the standard was to recognise unspent grants and contributions for construction of recognisable non-financial assets controlled by the Shire as a liability. The opening budgeted surplus/deficit on 1 July 2019 has been amended accordingly from the estimated actual closing surplus/deficit.

Refer to note 14 for further explanation of the impact of the changes in accounting policies

FOR THE YEAR ENDED 30TH JUNE 2020**

2 (c). NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Gnowangerup becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

PROVISIONS

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation

The Shire of Gnowangerup contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Gnowangerup contributes are defined contribution plans.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the Shire of Gnowangerup's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Gnowangerup's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Gnowangerup's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised	30 to 50 Years
Buildings - specialised	30 to 50 Years
Furniture and equipment	4 to 10 Years
Plant and equipment	5 to 15 Years
Tools	12 to 50 Years
User defined 2	20 Years
User defined 3	5 to 25 Years
User defined 4	5 to 75 Years
User defined 5	20 to 50 Years
Infrastructure - Roads	12 to 50 Years
Infrastructure - Footpaths	20 Years
Infrastructure - Drainage	5 to 25 Years
Infrastructure - Parks & ovals	5 to 75 Years
Infrastructure - Other	20 to 50 Years
Infrastructure - Airports	5 to 50 Years
Infrastructure - Sewer	5 to 50 Years
Infrastructure - Solid Waste	5 to 50 Years

DEPRECIATION (CONTINUED)

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.
